BENDY

Design Archirivolto

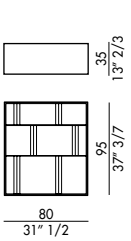

Bendy è la libreria di design componibile realizzata da Moom perfetta per arredare con stile zone giorno e salotti in contesti residenziali e lavorativi. Questo complemento d'arredo versatile ed essenziale si presenta con struttura e ripiani in legno laccato opaco e divisori in metallo verniciato. Le mensole sono realizzate in legno laccato così come il perimetro. Il sistema modulare diventa componibile attraverso affiancamento o sovrapposizione del singolo modulo. I ripiani della libreria di design sono definiti da una cornice in legno che crea geometrie interne da riempire con libri, soprammobili e oggetti dettati dal proprio gusto personale per creare un ambiente armonioso. La Libreria Bendy è disponibile in due misure che possono essere combinate tra loro per creare composizioni adatte a tutti i tipi di spazi.

Bendy is the modular design bookcase created by Moom, perfect for stylishly furnishing living areas and lounges in residential and work contexts. This versatile and essential furnishing accessory features a structure and shelves in matt lacquered wood and painted metal dividers. The shelves are made of lacquered wood as is the perimeter. The modular system becomes modular by placing the single module side by side or overlapping. The shelves of the designer bookcase are defined by a wooden frame that creates internal geometries to be filled with books, ornaments and objects dictated by one's personal taste to create a harmonious environment. The Bendy bookcase is available in two sizes that can be combined together to create compositions suitable for all types of spaces.
