CHERRY

Design Archirivolto

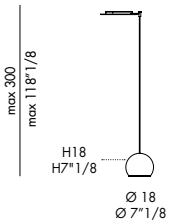

Cherry è la lampada a sospensione di design che si presenta con uno stile leggero e raffinato, perfetta per valorizzare ambienti e contesti eleganti. Definita dal design Archirivolto, la lampada a sospensione Cherry è realizzata con un cono di metallo verniciato che è inserito all'interno di una sfara trasparente. Questa scelta stilistica crea un gioco di trasparenze e riflessioni che evidenziano il riverbero della luce. É possibile inoltre creare composizioni libere fra le lampade, realizzando così lampadari di varie dimensioni e conformazioni.

Cherry is the designer suspension lamp that presents itself with a light and refined style, perfect for enhancing elegant environments and contexts. Defined by the Archirivolto design, the Cherry pendant lamp is made with a painted metal cone that is inserted inside a transparent sphere. This stylistic choice creates a play of transparencies and reflections that highlight the reverberation of light. It is also possible to create free compositions between the lamps, thus creating chandeliers of various sizes and shapes.
