COLLECTION 2024

HIGH COMFORT

MATTRESSES

Thickness: 14 cm
Length: 196 cm
Width: 80, 140 or 160 cm (model dependent)

The High Comfort mattresses offer pleasant comfort, good support and efficient ventilation. The sofa beds come standard with a bonell spring mattress with comfort foam.

You can upgrade to a pocket spring mattress for extra support. This is available with comfort foam or memory foam. The advantage of memory foam is that it settles to the contours of your body, ensuring ergonomic lying comfort.
