#### Tessuti Tempotest®

Antimacchia | Il particolare fissaggio di Tempotest® Home favorisce l'eliminazione delle macchie. Mantiene il colore e la resistenza | La fibra in acrilico 100% tinta in massa resiste alla scoloritura dovuta al sole, all'acqua e a tutti gli agenti atmosferici in generale.

Imputrescibile | Adatto anche per ambienti ad alta umidità come bagni e verande coperte, non permette la formazione di muffa. Adatto per l'arredamento di esterni e di interni (zona living, camera dei bambini, cucina).

Manutenzione e pulizia | Molte macchie sui tessuti Tempotest® Home possono essere tolte con una semplice soluzione di acqua e sapone. Rimuovere semplicemente spazzolando via lo sporco; pulire con acqua (non più di 40°C) e sapone naturale. Risciacquare accuratamente per rimuovere il sapone.

È possibile lavare gli sfoderabili a secco o in lavatrice con acqua fredda, ma senza centrifugare. Nel tempo, per ripristinare la naturale perdita di idro-oleorepellenza, è consigliabile l'uso dello spray T202 che è possibile richiedere al proprio rivenditore. Non stirare il tessuto con il vapore e non farlo asciugare in apparecchi elettrici. Lasciate asciugare il tessuto all'aria. Durante la stagione invernale riporre il tessuto in ambiente asciutto e ventilato.

Garanzia | I tessuti della Collezione Tempotest® Home sono coperti da garanzia per un periodo di 3 anni. Tale garanzia copre esclusivamente la perdita di colore dovuta alla normale esposizione all'azione del sole, della salsedine e degli agenti atmosferici in generale. La garanzia non copre i danni derivanti da cause di forza maggiore, azioni meccaniche o atti dolosi.

#### Tempotest® Fabrics

Soil-resistant | The particular finishing of Tempotest® Home favours the elimination of stains. It retains colour and strength | 100 % solution-dyed acrylic fibre resists fading from sun, water and general atmospheric agents.

Mould resistant | Suitable even for very damp places like bathrooms and screened-in porches, it does not allow mould growth.

Perfect for outdoor and indoor furniture (living room, kids' room, kitchen).

Cleaning Instructions | Most stains on Tempotest® Home fabrics can be cleaned with a mild soap and water solution. Remove the dirt simply by rubbing with water (not more than 40°C) and natural soap. Removable covers can be dry-cleaned or washed by machine in cold water, however without using the spindryer.

Eventually, in order to re-establish the natural loss of oil and water repellence, it is advisable to use the spray T202 obtainable from your dealer or retailer. Do not steam iron and do not dry with electric sets. Air dry. During the winter season put the fabric in a dry and airy place.

For stubborn stains, follow the directions of Acrylic Stain Cleaning Chart.

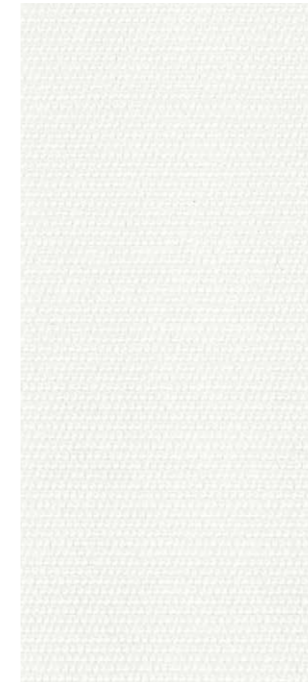

Guarantee | The fabric Tempotest Home is covered by a 3 years guarantee. This guarantee covers the fabric becoming unserviceable due to the colour loss after the normal exposure to the sun, the salinity and general atmospheric conditions. The guarantee does not cover damages due to factors beyond Parà's control, mechanical or malicious acts.
