SPECIFICATIONS

Order notes

Please indicate on order:

- ! Choice of seat height: 42 or 45 cm
- ! Choice of seat depth: 56, 60 or 64 cm
- ! Choice of side elements: side element narrow low or narrow high, side element wide low or wide high, side element adjustable, side element form (screw), side element XS or side element XL
- ! Different seat depths may be linked at the corner. To do this, EPT or E-ASO elements with different seat depths need to be used. Do not link different seat depths one after the other in a row, otherwise the backrest upholstery will be misaligned.
- ! For technical reasons, the footrest can only be integrated with a seat width of 140 cm or more.
- ! Due to the pivot point, the footrest can be attached only once for each model, and always only to the side section side. With sofa bench models, decide whether the footrest should be assembled on the left or the right-hand side.
- ! Seat depths of the EPT (corner section) are automatically generated.

Surcharges::

- ! The backrest cushions can be selected in another fabric against surcharge
- ! armrest high, narrow or wide, adjustable, form (screw) or XL against surcharge
- ! Seat comfort lounge against surcharge
- ! Footrest against surcharge

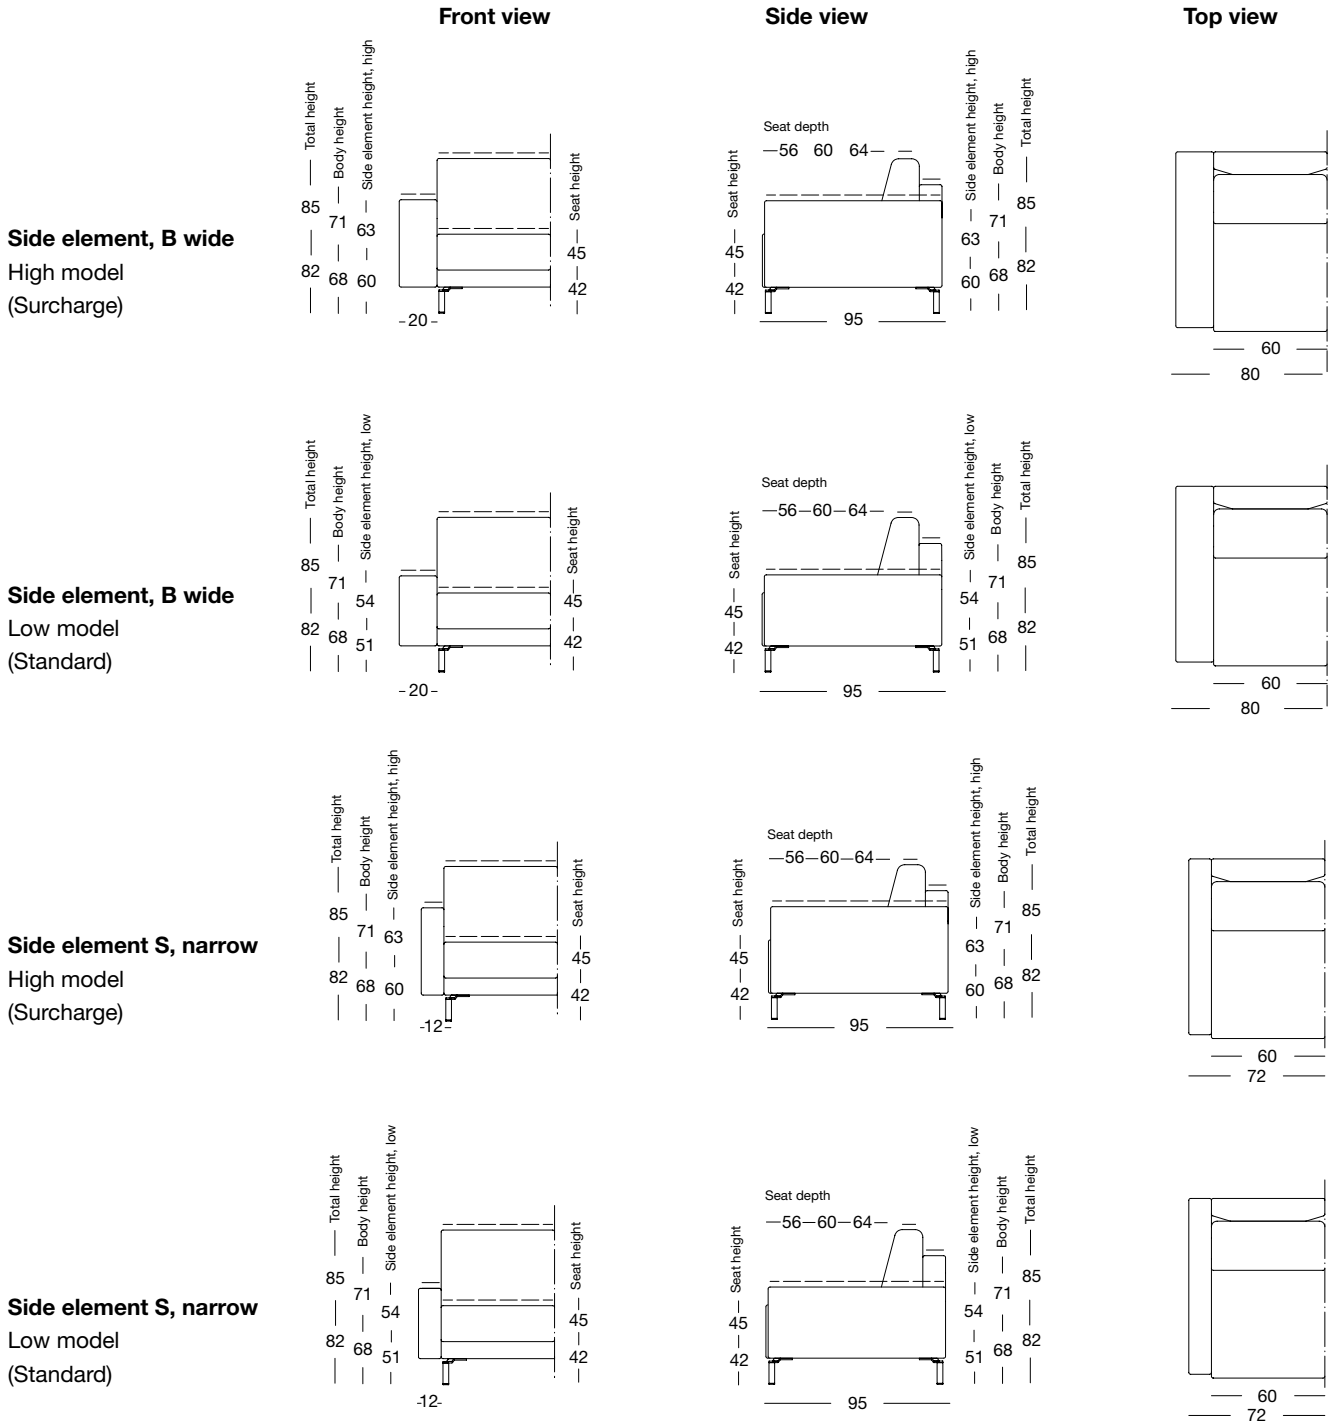

Instead of standard leg the following leg option can be chosen against surcharge:

- ! Aluminium casting leg, polished
- ! Steel squared tube leg, polished chrome
- ! Steel round tube angled leg, polished chrome
- ! Wooden leg in natural oak H98
- ! Wooden leg in dark oak H70
- ! Wooden leg in American walnut H81
- ! Steel brace polished chrome (only available for sofa, armchair and footstool)
- ! Steel brace painted, RAL 7022 Umbra grey (only available for sofa, armchair and footstool)
