UN MUNDO DE VIDRIO
UN MONDO DI
UN MONDO DE VERRE
A WORLD OF GLASS
EIN WELT AUS GLAS
VETRO

L.A. VETRERIA propone complementi d'arredo di grande affidabilità e di design ricercato. Esaltando e valorizzando la purezza del vetro, tavoli da pranzo, da salotto, consolle, comodini, specchi, vetrine e librerie, rappresentano soluzioni interessanti per l'arredamento. L'apparente fragilità del materiale costituisce proprio il fascino di una continua sperimentazione. Le forme del cristallo curvo possono essere una presenza forte in un ambiente, oppure trasformarsi in un elemento discreto, neutro. Nel tempo, L.A. VETRERIA ha saputo consolidare la propria posizione nel mercato interno e internazionale, collocandosi tra i più qualificati produttori di complementi d'arredo. Con alle spalle oltre 60 anni di esperienza, l'attività di L.A. VETRERIA è fortemente caratterizzata dalla volontà di raggiungere un equilibrio tra la tradizione e la ricerca, con costante attenzione verso le esigenze del mercato.

www.lavetreria.com

Through its know-how in glass working, L.A.VETRERIA creates and proposes complementary furniture of great reliability and sophisticated design. By enhancing the purity of glass, the collection of dining and coffee tables, consoles, bedside tables, mirrors, showcases and bookcases, offers a wide range of interesting furnishing solutions. The apparent fragility of the material challenges and stimulates the constant experimentation and search for new products. The forms of curved glass can be either a strong impact or a discreet, neutral presence. In time, L.A.VETRERIA has consolidated its position on the domestic and international markets as one of the main manufacturers of complementary furniture. With the experience of 60 years of activity, L.A.VETRERIA keeps on pursuing the balance between tradition and advanced search, always paying attention to the requirements of the market.
